Dear Mr. Gromoll,

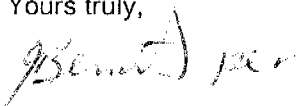

Re: Complaint by 6166954 Canada Inc. (616) against Shaw Communications Inc. (Shaw) and Star Choice Communications Inc. (Star Choice) pursuant to sections 9, 20 and 40 of the Broadcasting Distribution Regulations

This letter is further to our letter of 30 May 2005 concerning the Commission's request for abridged versions of documents with respect to the above-noted proceeding. As noted in our letter of May 30, Shaw and Star Choice consider the current proceeding to be a commercial dispute capable of being dealt with pursuant to section 12 to 15 of the Broadcasting Distribution Regulations. However, we note that the complaint has been filed pursuant to section 9 of the Regulations, and that the CRTC has indicated that it wishes to deal with this matter in an expedited Public Hearing process. Accordingly, Shaw and Star Choice hereby submit the attached abridged documents.

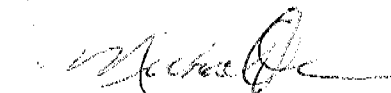

These documents have been abridged because they contain commercially sensitive information which, if disclosed, could reasonably be expected to prejudice the competitive position of Shaw and Star Choice.

Please note that the agreement between Headline Media and each of Shaw and Star Choice has consistently been treated as confidential, and that an abridged version cannot be provided in any meaningful way.

Yours truly,

Cynthia Rathwell

Michael Ferras
