

## Broadcasting Decision CRTC 2005-141

Ottawa, 11 April 2005

**Canadian Broadcasting Corporation**  
Regina and Swift Current, Saskatchewan

*Application 2004-0954-1*  
*Broadcasting Public Notice CRTC 2005-11*  
*3 February 2005*

### **CBK-FM Regina – New transmitter in Swift Current**

1. The Commission **approves** the application by the Canadian Broadcasting Corporation (CBC) to amend the broadcasting licence for the radio programming undertaking CBK-FM Regina, Saskatchewan in order to operate a transmitter in Swift Current to broadcast the programming of its national English-language network service Radio Two.
2. The new transmitter will operate at 95.7 MHz (channel 239B1) with an effective radiated power of 4,710 watts.
3. The Commission did not receive any interventions in connection with this application.
4. C.O.R.B. Swift Current & District Inc. (C.O.R.B.) is currently the licensee of a radiocommunication distribution undertaking (RDU), which operates a transmitter in Swift Current and broadcasts Radio Two originating from CBK-FM Regina. In *Revocation of licence*, Broadcasting Decision CRTC 2005-142, also released today, the Commission has revoked the broadcasting licence for this RDU, as requested by C.O.R.B.
5. The Department of Industry (the Department) has advised the Commission that, while this application is conditionally technically acceptable, it will only issue a broadcasting certificate when it has determined that the proposed technical parameters will not create any unacceptable interference with aeronautical NAV/COM services.
6. The Commission reminds the licensee that, pursuant to section 22(1) of the *Broadcasting Act*, this authority will only be effective when the Department notifies the Commission that its technical requirements have been met, and that a broadcasting certificate will be issued.

Secretary General

*This decision is to be appended to the licence. It is available in alternative format upon request, and may also be examined in PDF format or in HTML at the following Internet site: <http://www.crtc.gc.ca>*
