

Broadcasting Decision CRTC 2005-359-2

Ottawa, 15 September 2006

Telus Communications Inc.

Rimouski, Saint-Georges, Sept-Îles, Baie-Comeau, Gaspé, Montmagny and
Sainte-Marie, and their surrounding areas, Quebec

Application 2004-0964-0

Public Hearing at Niagara Falls, Ontario

6 June 2005

Erratum

1. The Commission hereby corrects the Appendix to *Cable broadcasting distribution undertaking*, Broadcasting Decision CRTC 2005-359, 29 July 2005. The Appendix is set out in *Erratum*, Broadcasting Decision CRTC 2005-359-1, 29 September 2005.
2. The Commission replaces the current condition of licence no. 1 with the following **condition of licence**:
 1. The licensee is authorized to distribute, at its option, as part of either the basic service or discretionary service, the signals of WBZ-TV (CBS), WHDH-TV (NBC), WCVB-TV (ABC), WFXT (FOX) and WGBH-TV (PBS) Boston, Massachusetts, or the signal of a different affiliate of the same network located in the same time zone.
3. The Commission also adds the following **conditions of licence**:
 8. The licensee is relieved of the requirement under section 25(a) of the *Broadcasting Distribution Regulations* regarding the distribution of certain services on restricted channels. It may distribute a programming service referred to in section 18(5) or section 19(f) of the *Broadcasting Distribution Regulations* on a restricted channel only where the licensee has the prior written agreement of the programming service.
 9. The licensee is authorized to receive directly through its own facilities, at its option, any of the distant Canadian signals that are otherwise required to be received from a licensed satellite relay distribution undertaking. The licensee is not authorized to use any facilities other than its own for the

reception of these signals. This condition does not authorize the licensee to provide these services to any other licensed or exempt distribution undertaking.

Secretary General

This decision is to be appended to the licence. It is available in alternative format upon request, and may also be examined in PDF format or in HTML at the following Internet site: <http://www.crtc.gc.ca>
