Item Applicant and Locality

1. **Durham Radio Inc.**
Oshawa, Ontario
2. **CJRN 710 Inc.**
Fort Erie and St. Catharines, Ontario

1. **Oshawa, Ontario** **Application No. 2006-1109-7**

Application by **Durham Radio Inc.** relating to the licence of radio programming undertaking CKDO Oshawa, Ontario.

The licensee proposes to change the authorized contours of its transmitter CKDO-FM-1 Oshawa by increasing the effective radiated power from 250 watts to an average effective radiated power of 665 watts (maximum effective radiated power 2,000 watts/antenna height 86 metres).

The licensee indicates that the proposed changes would improve the reception of CKDO-FM-1 Oshawa, optimize the use of frequency 107.7 MHz (channel 299A) by counteracting co-channel interference from U.S. station WLKK-FM Weathersfield, New York and continue the turnaround of CKDO from both a listener acceptance and financial point of view.

The Commission notes that there would be an important change to the presently authorized contours of CKDO-FM-1 Oshawa.

2. **Fort Erie and St. Catharines, Ontario**
Application No. 2006-1100-8

Application by **CJRN 710 Inc.** relating to the licence of radio programming undertaking CKEY-FM Fort Erie, Ontario.

The licensee proposes to change the authorized contours by decreasing the average effective radiated power from 19,700 watts to 13,000 watts, by increasing the antenna height and by relocating the transmitter (maximum effective radiated power 50,000 watts/antenna height 142.4 metres).

Subject to the approval of the above-noted technical changes, the licensee proposes to amend the licence of CKEY-FM Fort Erie by deleting the synchronous transmitter CKEY-FM-1 St. Catharines, Ontario.

The licensee stated that the proposed technical changes will improve coverage of the areas currently served by CKEY-FM Fort Erie and its synchronous transmitter CKEY-FM-1 St. Catharines and therefore would remove the need for the synchronous repeater.

The licensee advised that the co-location of the transmitter site of CKEY-FM Fort Erie with the transmitter of its station CFLZ-FM Niagara Falls and removing the need for the synchronous transmitter CKEY-FM-1 St. Catharines would result in cost savings.

The Commission notes that currently Fort Erie is included in the authorized 3mV/m contour of CKEY-FM Fort Erie and St. Catharines is included in the authorized 3mV/m contour of CKEY-FM-1 St. Catharines. The applicant proposes to use a single transmitter to serve both Fort Erie and St. Catharines where St. Catharines would fall within the 3mV/m contour and Fort Erie would fall within the 0.5 mV/m contour of the proposed transmitter.

The licensee has confirmed its continued commitment to its Fort Erie local programming orientation.

The Commission notes that the authorized contours of the station will have an important change resulting from the proposed changes to the technical parameters.

or

by mail to
CRTC, Ottawa, Ontario K1A 0N2

or

by fax at
819-994-0218

A true copy must be sent to the applicant and proof that this has been done must accompany the intervention sent to the Commission.

The Commission advises those who file and serve by electronic mode to exercise caution when using e-mail for service of documents or notification, as it may be difficult to establish that service has occurred.

Before initiating service through electronic mode, please ensure that you will be able to satisfy the Commission, upon request, that service of the notification was completed.

Where the intervention is filed by electronic means, the line ***End of document*** should be entered following the last paragraph of the document, as an indication that the document has not been damaged during electronic transmission.

Each paragraph of the document should be numbered.

Your intervention should clearly identify the application and indicate whether you support or oppose the application, or if you propose changes to it, include the facts and grounds for your proposal.

Important notice

Note that all information that you provide as part of this public process, except information granted confidentiality, whether sent by postal mail, facsimile, e-mail or through the Commission's web site at www.crtc.gc.ca, becomes part of a publicly accessible file and will be posted on the Commission's web site. This information includes your personal information, such as your full name, e-mail address, postal/street address, telephone and facsimile number(s), and any other personal information you provide.

Documents received electronically or otherwise will be put on the Commission's web site in their entirety exactly as you send them, including any personal information contained therein, in the official language and format in which they are received. Documents not received electronically will be available in PDF format.

The personal information you provide will be used and may be disclosed for the purpose for which the information was obtained or compiled by the Commission, or for a use consistent with that purpose.
