CKJM-FM Chéticamp – New transmitter at Pomquet

1. The Commission **approves** the application by La Coopérative Radio Chéticamp Limitée to amend the broadcasting licence for the French-language community Type A radio programming undertaking CKJM-FM Chéticamp, Nova Scotia, in order to operate a transmitter at Pomquet, Nova Scotia.
2. The new transmitter will operate at 92.5 MHz (channel 223A1) with an effective radiated power of 475 watts.
3. The licensee indicated that the transmitter would help the station reach the Acadian Francophones of the region.
4. The Commission did not receive any interventions in connection with this application.
5. The Commission reminds the licensee that, pursuant to section 22(1) of the *Broadcasting Act*, this authority will only be effective when the Department of Industry notifies the Commission that its technical requirements have been met, and that a broadcasting certificate will be issued.
6. The transmitter must be operational at the earliest possible date and in any event no later than 24 months from the date of this decision, unless a request for an extension of time is approved by the Commission before 6 September 2009. In order to ensure that such a request is processed in a timely manner, it should be submitted in writing at least 60 days before that date.
