

## Broadcasting Notice of Public Hearing CRTC 2008-10-2

Ottawa, 17 September 2008

### Notice of consultation and hearing

**20 October 2008**

**Cambridge, Ontario**

#### Erratum

Further to its Broadcasting Notices of Public Hearing CRTC 2008-10 dated 21 August 2008 and CRTC 2008-10-1 dated 5 September 2008, the Commission hereby corrects Broadcasting Notice of Public Hearing CRTC 2008-10, by replacing the technical parameters to reflect those submitted by United Christian Broadcasters Canada. The Notice of Public Hearing should read as follows:

#### The changes are in bold

##### Preamble

Items 2 to 5, **7** and 8 are technically mutually exclusive proposing the use of the frequency 98.1 MHz.

These applications, along with items 1 and **6** will be treated as competitive radio applications for London.

##### Item 7

London, Ontario

Application No. 2008-0694-5

Application by United Christian Broadcasters Canada for a licence to operate an English-language FM commercial specialty radio programming undertaking in London.

The new station would operate on frequency **98.1 MHz (channel 251A)** with an average effective radiated power of 2,904 watts (maximum effective radiated power of 5,206 watts with an effective height of antenna above average terrain of 107.4 metres).

Secretary General
