

Broadcasting Regulatory Policy CRTC 2009-50

Ottawa, 4 February 2009

Revised lists of eligible satellite services – Annual compilation of amendments

1. In Broadcasting Public Notice 2006-55, the Commission announced that it would periodically issue public notices setting out revised lists that include references to all amendments that have been made since the previous public notice setting out the lists was issued.
2. Accordingly, in Appendix 1 the Commission sets out all amendments made to the revised lists since the issuance of Broadcasting Public Notice 2008-8. In addition, the lists of eligible satellite services approved as of 31 December 2008 are set out in Appendix 2.
3. In Broadcasting Public Notice 2007-132, the Commission amended the lists to reflect the change in the call sign of the television station WTBS Atlanta to WPCH-TV Atlanta. At the same time, the Commission mistakenly deleted the asterisk designating it as a U.S. superstation from the *List of DTH Eligible Satellite Services*. Accordingly, in this compilation, the Commission has corrected the error and reinstated the asterisk.

* Received from a licensed satellite relay distribution undertaking (SRDU)

** A pay audio programming undertaking may not be used for linkage purposes for the distribution of any non-Canadian eligible satellite services.

*** Playboy TV is only authorized for distribution at the specific request of a subscriber. Distributors are not permitted to package Playboy TV in such a way that subscribers are obligated to purchase Playboy TV in order to purchase any other programming service. Distributors are required to take measures to fully block the reception of both the audio and video portions of Playboy TV to subscribers that request it not be receivable in their home (in either unscrambled or scrambled analog form).

Authorization for the services in Sections A and B is subject to the following:

- In the case of signals received from a licensed SRDU, ASN, the CBC English- and French-language Television Services and foreign satellite services, licensees are required to enter into the necessary contractual arrangements for such carriage.

- Licensees that distribute a PBS signal received at the local head end by terrestrial transmission may distribute one PBS service received from a licensed SRDU. All other licensees may distribute a maximum of two PBS services received from a licensed SRDU. Licensees may not distribute the signal of more than one affiliate of the same commercial U.S. network, received from a licensed SRDU, unless otherwise authorized pursuant to a condition of licence.

♦ Denotes a service in a language other than English or French added before 16 December 2004.

Received from a licensed SRDU

**

Playboy TV is only authorized for distribution at the specific request of a subscriber. Distributors are not permitted to package Playboy TV in such a way that subscribers are obligated to purchase Playboy TV in order to purchase any other programming service. Distributors are required to take measures to fully block the reception of both the audio and video portions of Playboy TV to subscribers that request it not be receivable in their home (in either unscrambled or scrambled analog form).

Authorization for the services in the *List of Part 3 Eligible Satellite Services* is subject to the following:

- In the case of out-of-province educational services, there should be no objection on the part of the originating service.
- In the case of signals received from a licensed SRDU, ASN, the CBC English- and French-language Television Services and foreign satellite services, licensees are required to enter into the necessary contractual arrangements for such carriage.
- In the case of licensed television programming undertakings offering TVA or CTV programming, a licensee also distributing the signal of a local TVA or CTV affiliate shall delete the duplicate programming from the services received from a licensed SRDU or substitute the local service(s) when the programming is identical.
- Licensees that distribute a PBS signal received at the local head end by terrestrial transmission may distribute one PBS service received from a licensed SRDU. All other licensees may distribute a maximum of two PBS services received from a licensed SRDU. Licensees may not distribute the signal of more than one affiliate of the same commercial U.S. network, received from a licensed SRDU, unless otherwise authorized pursuant to a condition of licence.
