Route reference: Part 1 application posted on 5 May 2011

Ottawa, 22 September 2011

Asian Television Network International Limited
Across Canada

Application 2011-0751-6

Addition of Asianet Plus to the list of non-Canadian programming services authorized for distribution

*The Commission **approves** an application to add Asianet Plus to the list of non-Canadian programming services authorized for distribution and amends the list accordingly. The revised list is available on the Commission's website at www.crtc.gc.ca under "Broadcasting Sector."*

Introduction

1. The Commission received an application dated 28 April 2011 from Asian Television Network International Limited (ATN) to add Asianet Plus to the list of non-Canadian programming services authorized for distribution (the list).¹ The Commission did not receive any interventions in connection with to this application.
2. ATN described Asianet Plus as a service delivering 24-hour-per-day year-round television programming for viewers interested in general entertainment from India in the Malayalam language.
3. In Broadcasting Public Notice 2004-96, the Commission stated that requests to add non-Canadian general interest third-language services to the list would generally be approved, subject to any requirement it deemed appropriate. In the case of non-Canadian third-language services that provide narrowly targeted or "niche" programming, the Commission stated that it would continue to apply a case-by-case assessment to determine whether such services are partially or totally competitive with Canadian pay or specialty services.

¹ In Broadcasting Regulatory Policy 2011-399, the Commission announced that, as of 1 September 2011, the lists of eligible satellite services available for distribution on a digital basis would be replaced with a consolidated list to be known as the *List of non-Canadian programming services authorized for distribution*.

Commission's analysis and decisions

4. The Commission relies primarily on the interventions filed to identify the Canadian pay and specialty services with which the service proposed to be added to the list might be totally or partially competitive and which therefore should be included in the assessment of the competitiveness of the service.
5. In the absence of opposing interventions, the Commission **approves** the addition of Asianet Plus to the list and amends the list of non-Canadian programming services authorized for distribution accordingly. The list of non-Canadian programming services authorized for distribution is available on the Commission's website at www.crtc.gc.ca under "Broadcasting Sector" and may be obtained in hard copy on request.
