## Reminders

### Tangible benefits

3. The Commission reminds the licensee that in regard to CFSM-FM and its transmitters CFSM-FM-1, CFSM-FM-2 and CFSM-FM-3, it must pay any outstanding tangible benefits stemming from the ownership transaction that was approved on 11 December 2018 in a letter decision, within the timeline set out in the decision.

### Local news

4. Radio stations are an important daily source of local news and information for communities. Holding a broadcasting licence comes with conditions, regulatory obligations and responsibilities, which include contributing to the Canadian broadcasting system by ensuring that Canadians have access to local programming that reflects their needs and interests and informs them of important current issues.
5. Although Broadcasting Regulatory Policy 2022-332 does not specify a minimum level of weekly news to be broadcast, it does specify the type of spoken word material that must be included as part of a station's local programming. In accordance with that regulatory policy, the Commission reminds the licensee that its stations, in their local programming, must incorporate spoken word material of direct and particular relevance to the communities served, and that this programming must include local news, weather, sports coverage, and the promotion of local events and activities. In addition, the Commission encourages the licensee to ensure that a reasonable amount of daily local news and information is made available to those communities.

### Force and effect of broadcasting licences

6. Pursuant to section 22 of the *Broadcasting Act*, the broadcasting licences renewed in this decision will cease to have any force or effect if the broadcasting certificates

issued by the Department of Industry (also known as Innovation, Science and Economic Development Canada) lapse.

### **Employment equity**

7. Because this licensee is subject to the *Employment Equity Act* and files reports concerning employment equity with the Department of Employment and Social Development (also known as Employment and Social Development Canada), its employment equity practices are not examined by the Commission.

## **Appendix to Broadcasting Decision CRTC 2023-150**

### **Terms, conditions of licence and expectations for the commercial radio programming undertakings for which the broadcasting licences have been renewed in this decision**

#### **Terms**

The licence will expire 31 August 2030.

#### **Conditions of licence applicable to all stations**

1. The licensee shall adhere to the conditions of licence set out in *Revised conditions of licence for commercial AM and FM radio stations*, Broadcasting Regulatory Policy CRTC 2022-334, 7 December 2022, as well as to the conditions set out in the broadcasting licence for the undertaking.

#### **Additional condition of licence applicable to CFSM-FM Cranbrook, British Columbia, and its transmitters CFSM-FM-1 Fernie, CFSM-FM-2 Sparwood and CFSM-FM-3 Invermere**

2. The licensee shall, as an exception to the percentage of Canadian musical selections set out in subsections 2.2(8) and 2.2(9) of the *Radio Regulations, 1986* (the Regulations), in any broadcast week:
  - devote, in that broadcast week, a minimum of 40% of its musical selections from content category 2 (Popular Music) to Canadian selections broadcast in their entirety; and
  - devote, between 6:00 a.m. and 6:00 p.m., in the period from Monday to Friday of the same broadcast week, a minimum of 40% of its musical selections from content category 2 to Canadian selections broadcast in their entirety.

For the purposes of this condition, the terms “broadcast week,” “Canadian selection,” “content category” and “musical selection” shall have the same meanings as those set out in the Regulations.

#### **Expectations applicable to all stations**

##### **Cultural diversity**

The Commission expects the licensee to reflect the cultural diversity of Canada in its programming and employment practices.

##### **Canadian emerging artists**

Consistent with the Commission’s determination set out in *Revised Commercial Radio Policy*, Broadcasting Regulatory Policy CRTC 2022-332, 7 December 2022 (Broadcasting Regulatory Policy 2022-332), the Commission expects the licensee to

devote, in each broadcast week, at least 5% of the station's musical selections to selections from Canadian emerging artists broadcast in their entirety. The licensee should report annually on how it has met this expectation, including the percentage of selections from Canadian emerging artists out of the total number of musical selections that were aired, and the number of distinct artists whose music has been aired. The licensee should also be able to provide, upon request, information such as a list of all titles, artists, and International Standard Recording Code (ISRC) numbers.

For the purposes of the above paragraph, the definition of "Canadian emerging artist" is the same as that set out in paragraph 346 of Broadcasting Regulatory Policy 2022-332.

### **Indigenous musical selections**

Consistent with the Commission's determination set out in *Revised Commercial Radio Policy*, Broadcasting Regulatory Policy CRTC 2022-332, 7 December 2022 (Broadcasting Regulatory Policy 2022-332), the Commission expects the licensee to include Indigenous musical selections on the station's playlist. The licensee should report annually on the amount of Indigenous content aired on the station throughout the broadcast year (i.e., from 1 September to 31 August), including the percentage of Indigenous musical selections out of the total number of musical selections that were aired, and the number of distinct artists whose music has been aired. The licensee should also be able to provide, upon request, information such as a list of all titles, artists, and International Standard Recording Code (ISRC) numbers.

For the purposes of the above paragraph, the licensee may use the provisional definition of "Indigenous-Canadian musical selection" set out in paragraph 441 of Broadcasting Regulatory Policy 2022-332 to determine whether a musical selection can be considered an Indigenous musical selection.
