### **CIOG-FM Charlottetown and its transmitter CIOG-FM-1 Summerside – Licence renewal**

1. The Commission has the authority, pursuant to subsections 9(1) and 9.1(1) of the *Broadcasting Act*, to issue and renew licences and to make orders imposing conditions on the carrying on of a broadcasting undertaking that it considers appropriate for the implementation of the broadcasting policy set out in subsection 3(1) of the *Broadcasting Act*.
2. Consistent with that authority, the Commission **renews** the broadcasting licence for the English-language commercial specialty (Religious music) radio programming undertaking CIOG-FM Charlottetown, Prince Edward Island, and its transmitter CIOG-FM-1 Summerside from 1 September 2023 to 31 August 2030.<sup>1</sup> The Commission did not receive any interventions in regard to this application.
3. Pursuant to subsection 49(1) of the *Online Streaming Act*, the conditions of licence that existed prior to the date of royal assent of that Act are deemed to be conditions imposed under an order made pursuant to section 9.1 of the new *Broadcasting Act*. As such, the conditions of licence for this licensee became conditions of service and continue to apply to the licensee. For ease of reference, the **conditions of service** for this licensee are set out in the appendix to this decision. Further, the formal broadcasting licence document issued to a licensee may set out additional requirements for the undertaking, relating to, for example, technical parameters or prohibitions on transfer. information provided by the licensee in a reply to Commission staff's request for information, the Commission determined that the licensee of CIOG-FM is in compliance with its regulatory requirements.

## Reminders

### Local news

5. Radio stations are an important daily source of local news and information for communities. Carrying on a broadcasting undertaking comes with conditions, regulatory obligations and responsibilities, which include contributing to the Canadian broadcasting system by ensuring that Canadians have access to local programming that reflects their needs and interests and informs them of important current issues.
6. Although Broadcasting Regulatory Policy 2022-332 does not specify a minimum level of weekly news to be broadcast, it does specify the type of spoken word material that must be included as part of a station's local programming. In accordance with that regulatory policy, the Commission reminds the licensee that its station, in its local programming, must incorporate spoken word material of direct and particular relevance to the communities served, and that this programming must include local news, weather, sports coverage, and the promotion of local events and activities. In addition, the Commission encourages the licensee to ensure that a reasonable amount of daily local news and information is made available to those communities.

### Force and effect of broadcasting licences

7. Pursuant to section 22 of the *Broadcasting Act*, the broadcasting licence renewed in this decision will cease to have any force or effect should the broadcasting certificates issued by the Department of Industry (also known as Innovation, Science and Economic Development Canada) lapse.

The licensee should also be able to provide, upon request, information such as a list of all titles, artists, and International Standard Recording Code (ISRC) numbers.

In accordance with *Implementation of an employment equity policy*, Public Notice CRTC 1992-59, 1 September 1992, the Commission encourages the licensee to consider employment equity in its hiring practices and in all other aspects of its management of human resources.
