

Broadcasting Decision CRTC 2023-299

PDF version

Ottawa, 29 August 2023

Various licensees

Various locations across Canada

Various conventional and educational television programming undertakings, community programming services, discretionary services, on-demand services and terrestrial broadcasting distribution undertakings – Administrative renewals

1. The Commission **renews** the broadcasting licences for the conventional and educational television programming undertakings, community programming services, discretionary services, on-demand services and terrestrial broadcasting distribution undertakings set out in the appendix to this decision from 1 September 2023 to 31 December 2023, subject to the terms and **conditions** in effect under the current licences.
2. Pursuant to subsections 49(1) and 50(2) of the *Online Streaming Act*, which made a certain number of amendments to the *Broadcasting Act* when it came into force on 27 April 2023, obligations that previously existed as conditions of licence are now deemed to be conditions imposed under an order made pursuant to section 9.1 of the new *Broadcasting Act*, or subsection 11.1(2) in the case of expenditure requirements. As such, the conditions of licence for these licensees became conditions of service and continue to apply to the licensees.
3. This decision does not dispose of any issue that may arise with respect to the renewal of these licences, including any non-compliance issues.

Secretary General

This decision is to be appended to each licence.
