Public Hearing in the National Capital Region

ATN – Malayalam Channel One – Category 2 pay television service

*In this decision, the Commission **approves** the application for a broadcasting licence to operate a new ethnic Category 2 pay television programming undertaking.*

The application

1. The Commission received an application by Asian Television Network International Limited (ATN) for a broadcasting licence to operate a national ethnic Category 2¹ pay television programming undertaking to be known as ATN – Malayalam Channel One.
2. The applicant proposed to offer a service devoted to programming of interest to persons who speak Malayalam. The applicant noted that 100% of its programming would be in the Malayalam language.

The intervention

3. Rogers Cable Communications Inc. (Rogers) commented that the Commission should issue a moratorium on the licensing of any new ethnic Category 2 services until it has completed the review of its approach to assessing requests to add non-Canadian third-language television services to the Commission's lists of satellite services eligible for distribution on a digital basis.²

The applicant's reply

4. In response to Rogers' comment, the applicant noted that the Commission has already issued its policy regarding the addition of non-Canadian third-language television services to the lists of satellite services eligible for distribution on a digital basis.

¹ The Category 2 services are defined in *Introductory statement – Licensing of new digital pay and specialty services*, Public Notice CRTC 2000-171, 14 December 2000.

² *Review of the approach to assessing requests to add non-Canadian third-language services to the lists of eligible satellite services for distribution on a digital basis – Call for comments*, Broadcasting Public Notice CRTC 2004-53, 15 July 2004.

The Commission's analysis and determination

5. With respect to Rogers' comment, the Commission notes that it has completed its review and set out its findings in *Improving the diversity of third-language television services – A revised approach to assessing requests to add non-Canadian third-language television services to the lists of eligible satellite services for distribution on a digital basis*, Broadcasting Public Notice CRTC 2004-96, 16 December 2004.
6. Based on its examination of this application, the Commission is satisfied that it is in conformity with all applicable terms and conditions announced in *Introductory statement – Licensing of new digital pay and specialty services – Corrected Appendix 2*, Public Notice CRTC 2000-171-1, 6 March 2001 (Public Notice 2000-171-1). Accordingly, the Commission **approves** the application by Asian Television Network International Limited for a broadcasting licence to operate the national ethnic Category 2 pay television programming undertaking, ATN – Malayalam Channel One.
7. The licence will expire 31 August 2011, and will be subject to the conditions set out in Public Notice 2000-171-1, as well as to the **conditions of licence** set out in the appendix to this decision.

Issuance of the licence

8. A licence will be issued once the applicant has satisfied the Commission, with supporting documentation, that the following requirements have been met:
 - the applicant has entered into a distribution agreement with at least one licensed distributor; and
 - the applicant has informed the Commission in writing that it is prepared to commence operations. The undertaking must be operational at the earliest possible date and in any event no later than 36 months from the date of this decision, unless a request for an extension of time is approved by the Commission before 7 April 2008. In order to ensure that such a request is processed in a timely manner, it should be submitted at least 60 days before that date.
