Erratum

1. The Commission hereby corrects an error made in *CJMQ-FM Sherbrooke (formerly Lennoxville) – Licence renewal and technical change*, Broadcasting Decision CRTC 2007-173, 13 June 2007, by adding the paragraphs below.

The Department of Industry (the Department) has advised the Commission that, while this application is conditionally technically acceptable, it will only issue a broadcasting certificate when it has determined that the proposed technical parameters will not create any unacceptable interference with aeronautical NAV/COM services.

The Commission reminds the applicant that, pursuant to section 22(1) of the *Broadcasting Act*, no licence may be issued until the Department notifies the Commission that its technical requirements have been met and that a broadcasting certificate will be issued.
