

Broadcasting Decision CRTC 2007-181

Ottawa, 15 June 2007

Tillsonburg Broadcasting Company Limited
Tillsonburg, Ontario

Application 2007-0508-0, received 2 April 2007
Broadcasting Public Notice CRTC 2007-46
23 April 2007

CKOT-FM Tillsonburg – Technical change

1. The Commission **approves** the application by Tillsonburg Broadcasting Company Limited to change the authorized contours of the radio programming undertaking CKOT-FM Tillsonburg, by decreasing the effective radiated power from 50,000 to 26,000 watts and by increasing the antenna height.
2. The licensee indicated that the changes will be the result of replacing the existing transmitter tower, and that the authorized contours of the station will not increase significantly as a result of these changes.
3. The Commission did not receive any interventions in connection with this application.
4. The Commission reminds the licensee that, pursuant to section 22(1) of the *Broadcasting Act*, this authority will only be effective when the Department of Industry notifies the Commission that its technical requirements have been met, and that a broadcasting certificate will be issued.
