CHRC Québec – Acquisition of assets – Addition of a condition of licence

1. In *CHRC Québec – Acquisition of assets*, Broadcasting Decision CRTC 2008-128, 26 June 2008 (Broadcasting Decision 2008-128), the Commission conditionally approved the application by 9183-9084 Québec inc. to acquire the assets of the French-language radio programming undertaking CHRC Québec and for a broadcasting licence to continue the operation of the undertaking.
2. In a letter dated 11 August 2008, the Commission confirmed to the licensee that it had met all the conditions of approval set out in Broadcasting Decision 2008-128, including that regarding local programming. In the letter, the Commission reminded the licensee that, as set out in Broadcasting Decision 2008-128, the Commission could decide to impose 9183-9084 Québec inc.'s new local programming proposal as a condition of licence.
3. Given the significance of local news coverage, the Commission considers it appropriate to impose 9183-9084 Québec inc.'s new local programming proposal as a condition of licence. Accordingly, CHRC Québec's licence is also subject to the following **condition of licence**:

In each broadcast week, the licensee shall broadcast, at a minimum, 115 minutes of News (subcategory 11) programming.

For the purpose of this condition, "broadcast week" shall have the same meaning as that set out in *Radio Regulations, 1986*.
