

Broadcasting Public Notice CRTC 2008-31-1

Ottawa, 22 April 2008

Notice of Consultation

Application received Saguenay, Quebec Amendments to item 2

Further to its Broadcasting Public Notice CRTC 2008-31 dated 10 April 2008, the Commission announces the following:

The following item is amended and the changes are in bold:

Item 2

Saguenay, Quebec
Application No. 2008-0358-7

Application by Radio communautaire du Saguenay inc. relating to the licence of the French-language community type B radio programming undertaking CKAJ-FM Saguenay, Quebec.

The licensee proposes to change the authorized contours of **CKAJ-FM Saguenay** by increasing the effective radiated power from 2,693 watts to 14,164 watts, by increasing the effective antenna height and by relocating the antenna (non-directional antenna/effective antenna height 141.5 metres).

The licensee indicated that these changes will offer improved quality of broadcast of the signal of CKAJ-FM Saguenay.

The Commission notes that the authorized contours of **CKAJ-FM Saguenay** will be changed significantly resulting from the above proposed technical changes.

Secretary General
