Application No. 2008-0927-0

1. **Across Canada**
Application No. 2008-0952-7

Application by **Rogers Broadcasting Limited** to amend the licence of the English-language specialty television programming undertaking known as Outdoor Life Network.

The licensee proposes to amend its condition of licence by adding the following:

Canada

3(f) For the purpose of fulfilling the Canadian programming expenditure requirement, the licensee may not include any expenditure related to Canadian programming that has been funded out of the benefits package approved by the Commission with respect to Rogers' acquisition of effective control of the licence.

The licensee proposes this amendment in order to meet the condition of approval set out in *Change of Effective Control*, Broadcasting Decision CRTC 2008-138, 7 July 2008. The amendment is required to ensure that tangible benefit expenditures are incremental to the existing Canadian programming expenditures.

2. **Bedford, Nova Scotia**
Application No. 2008-0959-3

Application by **Bedford Baptist Church** relating to the licence of the low-power English-language religious FM radio CHSB-FM Bedford.

The licensee proposes to change the frequency of CHSB-FM from 89.1 MHz (channel 206LP) to 99.3 MHz (channel 257LP). All other technical parameters remain unchanged.

CHSB-FM is presently authorized as an unprotected FM low-power radio station.

This change of frequency is necessary because the present frequency will be in conflict with the new commercial radio station CIJK-FM Kentville, Nova Scotia, approved by the Commission in Broadcasting Decision CRTC 2007-221, 6 July 2007.

4. **Gatineau, Rouyn-Noranda and Val-d'Or, Quebec
Application No. 2008-0918-9**

Application by **RNC MEDIA Inc.**

The licensee has asked the Commission to add a condition of licence for its five television programming undertakings, namely CHOT-TV Gatineau (TVA), CFEM-TV Rouyn-Noranda (TVA), CFGS Gatineau (TQS), CFVS-TV Val-d'Or (TQS) and CKRN-TV Rouyn-Noranda (Canadian Broadcasting Corporation (CBC)).

These new conditions of licence would except the licensee from the requirement to furnish program logs and records prescribed in subsection 10(3) of the *Television Broadcasting Regulations, 1987*, in accordance with Broadcasting Public Notice CRTC 2006-109, 25 August 2006.

1. The Commission amended the *Television Broadcasting Regulations, 1987 - Requirements for the furnishing of program logs and records*, Public Notice CRTC 2006-30 of 9 March 2006 to enable the Commission to except a licensee, by condition of licence, from the requirement to furnish identical records in order to simplify the process of submitting records to the Commission.
2. According to the licensee, the program logs and records of regional stations CHOT-TV Gatineau (TVA), CFEM-TV Rouyn-Noranda (TVA), CFGS Gatineau (TQS), CFVS-TV Val-d'Or (TQS) and CKRN-TV Rouyn-Noranda (CBC), are true copies of the logs of the network stations with the exception of local segments. The licensee therefore requests that the licences of the following stations be amended to add the following conditions:

CHOT-TV Gatineau (TVA) and CFEM-TV Rouyn-Noranda (TVA)

- a) The licensee is exempted from the requirements related to program logs prescribed in subsection 10(3) of the *Television Broadcasting Regulations, 1987* where the stations' programming is the same as the programming broadcast by CFTM-TV Montréal.
- b) For purposes of evaluating the requirements related to local programming and closed captioning of local programming, the licensee shall furnish quarterly program logs for local programming broadcast by each of stations CHOT-TV Gatineau and CFEM-TV Rouyn-Noranda using the Commission's computer system. Such logs shall be furnished to the Commission within 30 days following the end of each quarter.

CFGS Gatineau (TQS) and CFVS-TV Val-d'Or (TQS)

- a) The licensee is exempted from the requirements related to program logs prescribed in subsection 10(3) of the *Television Broadcasting Regulations, 1987* where the stations' programming is the same as the programming broadcast by CFJP-TV Montréal.
- b) For purposes of evaluating the requirements related to local programming and closed captioning of local programming, the licensee shall furnish quarterly program logs for local programming broadcast by each of stations CFGS Gatineau (TQS) and CFVS-TV Val-d'Or (TQS) using the Commission's computer system. Such logs shall be furnished to the Commission within 30 days following the end of each quarter.

CKRN-TV Rouyn-Noranda (CBC)

- a) The licensee is exempted from the requirements related to program logs prescribed in subsection 10(3) of the *Television Broadcasting Regulations, 1987* where the station's programming is the same as the programming broadcast by CBFT Montréal.
 - b) For purposes of evaluating the requirements related to local programming and closed captioning of local programming, the licensee shall furnish quarterly program logs and records for local programming broadcast by CKRN-TV Rouyn-Noranda using the Commission's computer system. Such logs and records shall be furnished to the Commission within 30 days following the end of each quarter.
3. The licensee undertakes to use the Commission's existing program logs computer system. To ensure compatibility with the Commission's computer system, the licensee proposes that logs be furnished quarterly and contain the information required for each month in the quarter. The quarterly logs will follow the broadcast year, and the first quarter of each broadcast year will begin on September 1st.

5. **Rimouski, Quebec**
Application No. 2008-0927-0

Application by **Radio Ville-Marie** to amend the licence of the French-language specialty FM radio programming undertaking CIRA-FM Montréal, Quebec.

The licensee proposes to add an FM transmitter at Rimouski, Quebec to broadcast the programming of CIRA-FM Montréal in order to serve the population of Rimouski.

The transmitter would operate on frequency 104.1 MHz (channel 281A1) with an average effective radiated power of 111.5 watts (maximum effective radiated power 250 watts/effective antenna height of -32.5 metres).

The licensee advises that the addition of the transmitter at Rimouski is necessary in order to respond to the needs of the population.

Deadline for Interventions/Comments

9 September 2008

The intervention must be received by the CRTC and by the applicant on or before the above-mentioned date. The Commission cannot be held responsible for postal delays.

Your intervention will be considered by the Commission, and will form part of the public record of the proceeding without further notification to you, provided the

procedure set out below has been followed. You will be contacted only if your submission raises procedural questions.

Submit your written intervention to the Secretary General of the Commission in **only one** of the following formats:

by using the
[\[Broadcasting intervention/comments form\]](#)

or

by mail to
CRTC, Ottawa, Ontario K1A 0N2

or

by fax at
819-994-0218

A true copy must be sent to the applicant and proof that this has been done must accompany the intervention sent to the Commission.

The Commission advises those who file and serve by electronic mode to exercise caution when using e-mail for service of documents or notification, as it may be difficult to establish that service has occurred.

Before initiating service through electronic mode, please ensure that you will be able to satisfy the Commission, upon request, that service of the notification was completed.

Where the intervention is filed by electronic means, the line *****End of document***** should be entered following the last paragraph of the document, as an indication that the document has not been damaged during electronic transmission.

Each paragraph of the document should be numbered.

Your intervention should clearly identify the application and indicate whether you support or oppose the application, or if you propose changes to it, include the facts and grounds for your proposal.

Important notice

Note that all information that you provide as part of this public process, except information granted confidentiality, whether sent by postal mail, facsimile, e-mail or through the Commission's Web site at www.crtc.gc.ca, becomes part of a publicly accessible file and will be posted on the Commission's Web site. This information includes your personal information, such as your full name, e-mail address, postal/street address, telephone and facsimile number(s), and any other personal

information you provide.

The personal information you provide will be used and may be disclosed for the purpose for which the information was obtained or compiled by the Commission, or for a use consistent with that purpose.

Documents received electronically or otherwise will be put on the Commission's Web site in their entirety exactly as you send them, including any personal information contained therein, in the official language and format in which they are received. Documents not received electronically will be available in PDF format.

Please note that the information you provide to the Commission as part of this public process is entered into an unsearchable database dedicated to this specific public process. This database is accessible only from the Webpage of this particular public process. As a result, a general search of our Website with the help of either our own search engine or a third-party search engine will not provide access to the information which was provided as part of this public process.

Examination of Documents

An electronic version of applications is available from the Commission's Web site by selecting the application number within this notice.
