Route reference: 2010-295

Ottawa, 9 Novembre 2010

**TelAfric Incorporated**  
Across Canada

*Application 2010-0450-7, received 10 March 2010*  
*Public Hearing in the National Capital Region*  
*19 July 2010*

### **TelAfric Movies Channel – Category 2 specialty service**

*The Commission **approves** an application for a broadcasting licence to operate a new Category 2 specialty service.*

#### **The application**

1. TelAfric Incorporated (TelAfric) filed an application for a broadcasting licence to provide TelAfric Movies Channel, a national, ethnic Category 2 specialty programming undertaking devoted entirely to movies from and about Africa and the African Diaspora that would be of interest and appeal to people of African descent in Canada. All programming would feature themes primarily focused on the nations of Africa and/or originate from an African nation and/or the African Diaspora. The Commission did not receive any interventions in connection with this application.
2. TelAfric is a Canadian corporation whose shareholders Olusoji Oyinsan and Olubunmi Oyinsan own 55% and 45%, respectively. TelAfric is controlled by its majority shareholder, Olusoji Oyinsan.
3. The applicant proposed to draw programming for the proposed service from the following program categories set out in Item 6 of Schedule I to the *Specialty Services Regulations, 1990*, as amended from time to time: 7(c), 7(d), 12, 13 and 14.
4. TelAfric stated that not less than 15% of the programming broadcast during the broadcast week would be in various African languages.
5. While the licensee has agreed to caption 100% of its English-language programming, it requested a delay of the implementation of this commitment until the fourth year of the licence term due to financial concerns.

## Commission's analysis and determination

6. In Broadcasting Regulatory Policy 2010-355, in accordance with Broadcasting and Telecom Regulatory Policy 2009-430, the Commission set out standardized conditions of licence concerning accessibility of programming for Category 2 pay and specialty services.
7. As noted above, TelAfric agreed to caption 100% of its English-language programming, but requested the flexibility to implement this requirement in the fourth year of the licence term. The applicant cited financial concerns as the reason for delaying the implementation of the closed captioning requirement.
8. In the present case, the Commission considers that TelAfric did not provide the required specific financial evidence to justify the requested flexibility. Accordingly, the Commission requires TelAfric Movies Channel to caption 100% of its English-language programming, with the exception of advertising and promos, upon commencement of operations, as per the standardized captioning requirement set out in Broadcasting Regulatory Policy 2010-355.

## Conclusion

9. The Commission is satisfied that the application complies with the frameworks set out in Public Notice 2000-6 and Broadcasting Public Notice 2008-100, with the approaches set out in Broadcasting Public Notices 2003-61 and 2006-74, and with all applicable terms and conditions set out in Public Notice 2000-171-1. Accordingly, the Commission **approves** the application by TelAfric Incorporated for a broadcasting licence to operate the national, ethnic Category 2 specialty programming undertaking TelAfric Movies Channel. The terms and **conditions of licence** are set out in the appendix to this decision.

## Reminder

10. The Commission reminds the applicant that distribution of this service is subject to the applicable distribution rules set out in Broadcasting Public Notice 2008-100.
