Filing of ownership information

5. As set out in Broadcasting Regulatory Policy 2010-499, the Commission expects all community and campus radio station licensees to file yearly updates on the composition of their boards of directors. These annual updates can be submitted at the time of submission of annual returns, following annual board of directors' elections or at any other time. As noted in Appendix 3 to that policy, licensees may submit such documentation via the Commission's website.

Employment equity

6. The Commission considers that community radio stations should be particularly sensitive to employment equity issues in order to reflect fully the communities they serve. It encourages the licensees to consider these issues in their hiring practices and in all other aspects of their management of human resources.
