Ottawa, 24 February 2017

*File number: 8640-B2-201610618*

### **Bell Canada – Application for forbearance from the regulation of residential local exchange services**

*The Commission **approves** Bell Canada’s request for forbearance from the regulation of residential local exchange services in the exchange of Labrador City-Wabush in Newfoundland and Labrador.*

#### **Introduction**

1. The Commission received an application from Bell Canada, dated 30 September 2016, in which the company requested forbearance from the regulation of residential local exchange services<sup>1</sup> in the exchange of Labrador City-Wabush in Newfoundland and Labrador.
2. The Commission received submissions regarding Bell Canada’s application from the Community Recreation Rebroadcasting Service Association (CRRS TV) and TELUS Communications Company (TCC). The public record of this proceeding, which closed on 31 October 2016, is available on the Commission’s website at [www.crtc.gc.ca](http://www.crtc.gc.ca) or by using the file number provided above.

#### **Commission’s analysis and determinations**

3. Pursuant to the Commission’s requirements in Telecom Decision 2006-15, Bell Canada provided evidence to support its forbearance request, including competitor quality of service (Q of S) results for the period of February to July 2016, and a draft communications plan for the Commission’s approval. The Commission has assessed Bell Canada’s application based on the local forbearance test set out in Telecom Decision 2006-15 by examining the four criteria set out below.

#### **Product market**

4. Bell Canada is seeking forbearance from the regulation of 16 tariffed residential local exchange services. In Telecom Decision 2013-134, the Commission found that all of these services are eligible to be considered for forbearance. The 16 services are set out in the Appendix to this decision.

---

<sup>1</sup> In this decision, “residential local exchange services” refers to local exchange services used by residential customers to access the public switched telephone network and any associated service charges, features, and ancillary services.

5. The Commission received no comments with respect to Bell Canada's proposed list of residential local exchange services.

#### **Competitor presence test**

6. Information provided by parties demonstrates that there are, in addition to Bell Canada, at least two independent, facilities-based telecommunications service providers operating in the exchange in question, including a provider of mobile wireless services.<sup>2</sup> Each of these service providers offers local exchange services in the market and is capable of serving at least 75% of the number of residential local exchange service lines that Bell Canada is capable of serving, and at least one, in addition to Bell Canada, is a facilities-based, fixed-line telecommunications service provider.
7. Accordingly, the exchange of Labrador City-Wabush meets the competitor presence test.

#### **Competitor Q of S results**

8. Bell Canada submitted its competitor Q of S results for the period of February to July 2016. The Commission has reviewed these results and finds that Bell Canada has demonstrated that during this six-month period it
  - i. met, on average, the Q of S standards for each indicator set out in Appendix B of Telecom Decision 2006-15, as defined in Telecom Decision 2005-20, with respect to the services provided to competitors in its territory; and
  - ii. did not consistently provide any of those competitors with services that were below those Q of S standards.
9. Accordingly, Bell Canada meets the competitor Q of S criterion for this period.

#### **Communications plan**

10. The Commission has reviewed Bell Canada's proposed communications plan and is satisfied that it meets the information requirements set out in Telecom Decision 2006-15. However, Bell Canada is to change the mailing address for the Canadian Radio-television and Telecommunications Commission to "Ottawa, Ontario K1A 0N2."
11. The Commission **approves** the proposed communications plan with the revision noted above and **directs** Bell Canada to provide the resulting communications materials to its customers, in both official languages where appropriate.

---

<sup>2</sup> These competitors are CRRS TV and TCC.

## Conclusion

12. Bell Canada's application regarding the exchange of Labrador City-Wabush, Newfoundland and Labrador meets all the local forbearance criteria set out in Telecom Decision 2006-15.
13. Pursuant to subsection 34(1) of the *Telecommunications Act* (the Act), the Commission finds as a question of fact that to refrain from exercising its powers and performing its duties, to the extent specified in Telecom Decision 2006-15, in relation to the provision, by Bell Canada in this exchange, of the residential local exchange services listed in the Appendix and of future local exchange services (as defined in Telecom Public Notice 2005-2 and as they pertain to residential customers only) would be consistent with the Canadian telecommunications policy objectives set out in section 7 of the Act.
14. Pursuant to subsection 34(2) of the Act, the Commission finds as a question of fact that these residential local exchange services are subject to a level of competition in this exchange sufficient to protect the interests of users of these services.
15. Pursuant to subsection 34(3) of the Act, the Commission finds as a question of fact that to refrain from exercising its powers and performing its duties, to the extent specified in Telecom Decision 2006-15, in relation to the provision by Bell Canada of these residential local exchange services in this exchange would be unlikely to unduly impair the continuance of a competitive market for these services.
16. In light of the above, the Commission **approves** Bell Canada's application for forbearance from the regulation of the local exchange services listed the Appendix and future local exchange services (as defined in Telecom Public Notice 2005-2), as they pertain to residential customers only, in the exchange of Labrador City-Wabush, Newfoundland and Labrador, subject to the powers and duties that the Commission has retained as set out in Telecom Decision 2006-15. This determination takes effect as of the date of this decision. The Commission **directs** Bell Canada to issue revised tariff pages<sup>3</sup> within **30 days** of the date of this decision.
17. In Telecom Regulatory Policy 2011-291, the Commission determined that the large incumbent local exchange carriers would no longer receive subsidies for residential network access services (NAS) in high-cost exchanges for which the Commission has granted forbearance from regulation. Therefore, in accordance with the directions in Appendix B to Telecom Regulatory Policy 2011-291, Bell Canada is to stop reporting to the Central Fund Administrator any high-cost residential NAS associated with the exchange of Labrador City-Wabush, effective the date of this decision.

Secretary General

<sup>3</sup> Revised tariff pages can be submitted to the Commission without a description page or a request for approval; a tariff application is not required.
