**Reminder**

2. Pursuant to section 22 of the *Broadcasting Act*, the broadcasting licences renewed in this decision will cease to have any force or effect if the broadcasting certificates issued by the Department of Industry lapse.

Secretary General

*This decision is to be appended to each licence.*

## **Appendix to Broadcasting Decision CRTC 2020-172**

### **Terms, conditions of licence, expectations and encouragements for the campus and community radio programming undertakings for which the broadcasting licences are renewed in this decision**

#### **Terms**

The licence will expire 31 August 2027.

#### **Conditions of licence applicable to all of the stations**

1. The licensee shall adhere to the conditions set out in *Standard conditions of licence for campus and community radio stations*, Broadcasting Regulatory Policy CRTC 2012-304, 22 May 2012, as well as to the conditions set out in the broadcasting licence for the undertaking.

#### **Additional conditions of licence applicable to CIAM-FM Fort Vermilion and its transmitters**

2. The licensee shall adhere to the guidelines on ethics for religious programming, as set out in *Religious Broadcasting Policy*, Public Notice CRTC 1993-78, 3 June 1993, regarding solicitation of funds and religious programming practices.

#### **Additional condition of licence applicable to CKVE-FM Hubbards**

3. As an exception to section 2.2(8) of the *Radio Regulations, 1986* (the Regulations), the licensee shall devote at least 40% of its musical selections from content category 2 (Popular Music) in each broadcast week to Canadian selections broadcast in their entirety.

For the purposes of this condition, the terms “broadcast week,” “Canadian selection,” “content category” and “musical selection” shall have the same meanings as those set out in the Regulations.

#### **Expectations applicable to all stations**

The Commission expects the licensee to reflect the cultural diversity of Canada in its programming and employment practices.

As set out in *Campus and community radio policy*, Broadcasting Regulatory Policy CRTC 2010-499, 22 July 2010, the Commission expects all community and campus licensees to file yearly updates on the composition of their boards of directors. These annual updates can be submitted at the time of submission of annual returns, following annual board of directors’ elections, or at any other time. As noted in Appendix 3 to that regulatory policy, licensees may submit such documentation via the Commission’s website.

### **Expectation applicable to CHOP-FM Newmarket**

In accordance with *Campus and community radio policy*, Broadcasting Regulatory Policy CRTC 2010-499, 22 July 2010, the Commission expects the licensee to take all the necessary steps to ensure that the undertaking's board of directors includes balanced representation from among the student body, the associated college or university (for example, faculty or administration), station volunteers and the community at large. To ensure continuity of direction, the Commission also encourages the applicant to establish positions on its board of directors with terms of more than one year.

### **Expectation applicable to CKHC-FM Toronto and CKUW-FM Winnipeg**

The Commission expects the licensee to retain full control over all decisions concerning the management and programming of this station and ensure that representatives of the student body, faculty, alumni or administration of the university or college with which the station is associated, considered together, form the majority of the board of directors. To ensure continuity of direction, the Commission encourages the licensee to establish positions on its board of directors with terms of more than one year. In addition, the Commission reminds the licensee that in accordance with the requirements of *Direction to the CRTC (Ineligibility of non-Canadians)*, P.C. 1997-486, 8 April 1997, amended by P.C. 1998-1268, 15 July 1998, the Chair and not less than 80% of the members of the board of directors must be Canadians ordinarily resident in Canada.

### **Encouragement applicable to all stations**

The Commission considers that community radio stations should be particularly sensitive to employment equity issues in order to reflect fully the communities they serve. It encourages the licensee to consider these issues in its hiring practices and in all other aspects of its management of human resources.

### **Additional encouragement applicable to CIAM-FM Fort Vermilion and its transmitters**

The Commission notes CIAM Media & Radio Broadcasting Association's (CIAM) recognition of the unique need for expression of religious and spiritual programming in radio broadcasting, especially from an Indigenous perspective. In addition, the Commission acknowledges that members of the broadcast community are encouraged to participate in all aspects of operations and volunteer participation. CIAM's mandate is to provide community access to the airwaves and thereby offer diverse programming that reflects the needs and interests of the local community. In light of the above, the Commission encourages CIAM to continue providing community access to all members of the communities it serves.

### **Additional encouragement applicable to CKOA-FM Glace Bay**

The Commission encourages the licensee to adhere to its commitment to devote at least 80% of its musical selections broadcast each broadcast week to Canadian musical selections.
