Northwestel Inc. – Interim approval of tariff applications

Correction

The Commission is making a correction to Telecom Order CRTC 2020-213, dated 3 July 2020. For ease of reference, the text of the original order is reproduced in its entirety below, with the correction highlighted in bold italics.

1. The Commission **approves on an interim basis** the following tariff applications:

Applicant	Tariff Notice and description	Date of application	Effective date
Northwestel Inc.	TN 1086 Private Wire Services Tariff – Reclassification of V-Connect Service in two communities	18 June 2020	<i>1 September 2020</i>
Northwestel Inc.	TN 1087 Private Wire Services Tariff – Reclassification of Ethernet Wide Area Network (E-WAN) Service in two communities	18 June 2020	3 July 2020

2. The interim approval of these applications complies with the 2006 and 2019 Policy Directions¹ because it facilitates efficient tariff processes while enabling the Commission to consider, on the basis of a complete record, how its final decisions can promote competition, affordability, consumer interests, and innovation.
3. Revised tariff pages are to be issued within 10 calendar days of the date of this order. Revised tariff pages can be submitted to the Commission without a description page or a request for approval; a tariff application is not required.
