Secretary General

¹ Northwestel Inc. (Northwestel) classifies each community it serves as Type A, B, or C according to the type of transport links that serve it. Type A communities are served by fibre transport links at the core of Northwestel's network. Type B communities connect to one or more Type A communities by fibre. Type C communities connect to one or more Type A communities over either microwave links or some combination of microwave links and fibre. With the completion of fibre transport, these communities are now fibre-served.
